

ACF ACT Cider Tasting

Sipping traditionally made apple cider in the sun on a Sunday afternoon in Reidsdale. It doesn't get much better than that. Thanks Gary for looking after us so well. The ciders are amazing! The stoned Crows is definitely my favourite but there plenty others up there in the running as well. Sparkling and still varieties and all hand made with traditional cider apples. Love the stories as you talked us through the whole process. All done by hand with lots of love and it shows. If you are in the area I thoroughly recommend it. Sully's at the Old Cheese Factory Reidsdale. Just a short drive from Braidwood NSW.

Cheers, Paul Butler
