

Australian Young Chef Ambassador.

I am an extremely motivated and passionate young chef, and I have put everything I have into this role since given the task last July.

It is great to see that the growth of the young chefs have increased tremendously in the last year. With young chef clubs active in Tasmania, NSW, Victoria, and South Australia. It's my job to collect, report, discuss, document and collaborate the information with WACS and ACF. 'I'm the middle man if you like.'

This job is voluntary however I try my best to get out to the furthest regions of Australia, it is very difficult and challenging. I also have to consider the pacific region (Fiji and New Zealand) which is something we are still working on. I along with each of the other Ambassadors from all over the world stay connected and keep each other informed of the progress in our industry and chefs in our countries.

I just want to let you know that I want to help in any way I possibly can, whether it be helping with the development of the young chefs, participating in fundraising, helping with sponsors or you just need me to contact someone please let me know and I will do the best I can.
